<b>Access:</b> (machine translated) From Interlaken by train to Lauterbrunnen		
<b>Approach:</b> (machine translated) Take the train to Wengen, from there follow the hiking trail.		
Alternatively, walk up from below on the hiking trail.		
<b>Tour:</b> (machine translated) The Rybi Canyon is a very beautiful canyon between Lauterbrunnen and Wengen. The access is a very easy to walk hiking trail with a superiore view of the valley (Lauterbrunnen), the Swiss mountains and the Mättlibach stream. The Rybi canyon is only visible from the hiking trail at second glance: The high waterfall of Canyon Mättli attracts everyone's attention. The Rybi is a little to the left and is much more difficult to spot. The Rybi canyon has several impulsive key points. There is a good shower at several waterfalls. The canyon is moderately well equipped - a few new anchor points wouldn't hurt.		
<b>Return:</b> (machine translated) Turn right out of the stream and follow the hiking trail back down to Lauterbrunnen station.

Unfortunately not so nice for canyoning at the moment, but if you need wood for the next 10 winters, you've come to the right place! Anchorage mostly 1x old and 1x new. Lots of wood in the canyon. Especially before the 50 and in the open part directly after the 50. The last places under the railroad lines better (machine translated)
