Summary: (machine translated)
Dry and vertical ravine next to the monastery of San Juan de la Peña. Obligatory combination of cars

Hydrology:
No

Access: (machine translated)
We must be located in Santa Cruz de la Serós, for this we will take the N240 from Pamplona to Jaca. At the height of pk 294.5 we have the detour to the Monastery of San Juan de la Peña.
On this road in 4kms we will pass Santa Cruz, where we will leave the car to return, and we will continue to enter the valley following the course of the stream.
We continue along the road almost to the monastery to leave the access car, 1 km before, in a gentle right curve we have a place on the left to park, with views over the valley above the cliffs.

Approach: (machine translated)
We will go down to the riverbed where we can through the dense vegetation, following old traces of trails we can reach the riverbed and follow it through the area of marmitas to the vertical.

Tour: (machine translated)
A handrail to the first rappel on the right, short to get us on a ledge on the vertical, from here to the ground, 60m.

Return: (machine translated)
Right at the base, a trail leads to the village.

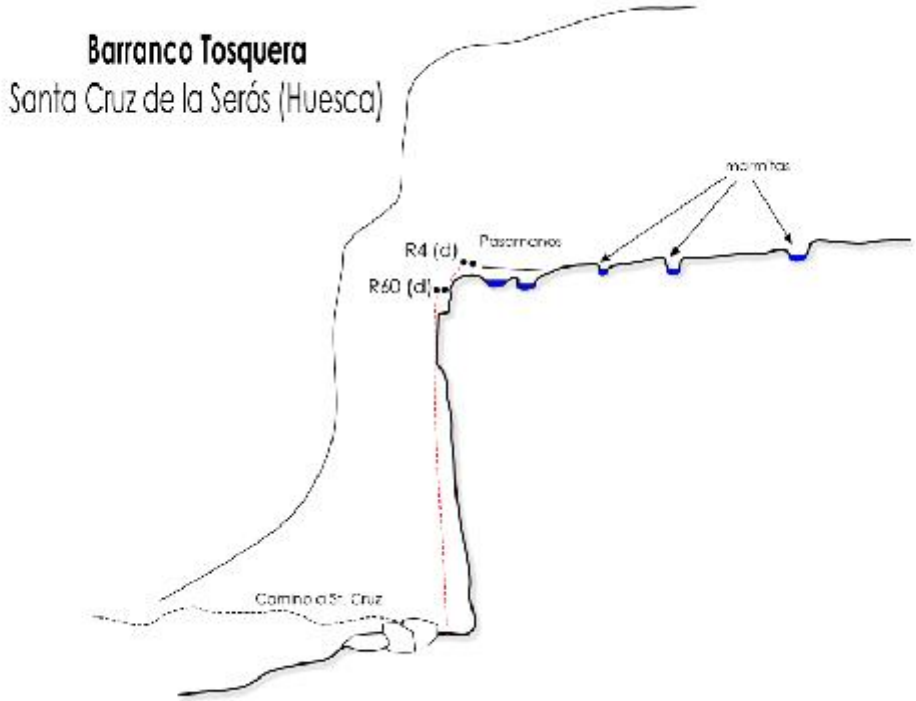

Coordinates:
Canyon Start 42.5231 -0.6742
