Hydrology:
Sí

Access: (machine translated)
From the A3, at the height of the Contreras reservoir we will take the detour to Enguídanos. We can also access from Villora.
From Enguídanos by the CUV-5014 towards Cardenete, soon we will arrive at the detour, to the right, of the parking lot.
From Villora towards Cardenete by the CM-2109, at the exit of the village, in a right curve, we have the detour to the left by a track that takes us down to the parking in 5kms.

Approach: (machine translated)
From the parking of Enguídanos we will have to walk about 2kms along the track that takes us to the Villora reservoir, we will arrive at an esplanade, we will see that the companies get on the main road to the right and we can enter here or continue towards the reservoir and shortly before entering from a bridge.
From the parking of Villora by the track we would go down to the bridge and by the path that leaves from the parking we go to the access area of the companies.

Tour: (machine translated)
Easy, full of jumps, slides... the only point of major difficulty is the 9m drop which is also equipped for rappelling.

Return: (machine translated)
On the right by any of the 3 exits, there is no loss, all of them will lead to the access road.
