Automatisch importiert von Descente-Canyon.com für Canyon Soussouéou Nous avons pris la marche d'approche "2" nommé dans le topo. Celle-ci est très bien tracé étant un sentier de randonnée. Beau canyon. Nous avons préféré la première partie, plus ludique que la fin. Un ressaut sans point récent nous a posé quelques questions sinon RAS. Attention a sonder les toboggans. Bcp son à amortir.Parcouru en 2h30 (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/2716/observations.html)
