Summary: (machine translated)
Ideal canyons for lovers of large verticals, 4 verticals, each with a different length. It will be quite difficult to find their headwaters and the environment is quite wooded, to take into account. Dry except after rains, but only one thread will run.

Hydrology: (machine translated)
Not in the verticals

Access: (machine translated)
We will have to get to Kripán
Once there, we will look for the track that goes up to the recreational area of El Nacedero, where we will park.

Approach: (machine translated)
We will follow the track and then the path to the top of the Avellanal.
From here we will continue through the undergrowth to find each of the 4 verticals.

Tour: (machine translated)
4 equipped verticals

Return: (machine translated)
We will continue through the undergrowth to reach a track, we take it to the left to reach the Nacedero
