Specialities:

Gear:

Summary: (machine translated)
A must in the area. Great ravine that is gaining entity little by little as you advance along the riverbed.

Hydrology:
Difíciles

Access: (machine translated)
Access to Soldón sector
We will be located in Quiroga, on the N120 southbound. At km 485.5 we have the detour to the left to Cereixido and Paradaseca, we take it.
Soldón sector, Vilarmel and Fiais ravines.
We will pass Paradaseca, Paradapiñol and arrive at Rugando where we will leave the car to return if we have it. After passing it we find a detour to the left to Vilarmel we leave it and continue to Cereixido. Before reaching Cereixido there is a track on the right that takes us to Fiais.
Another option is from Bendollo

Approach: (machine translated)
We cross the town to go down to the riverbed by any of the trails.

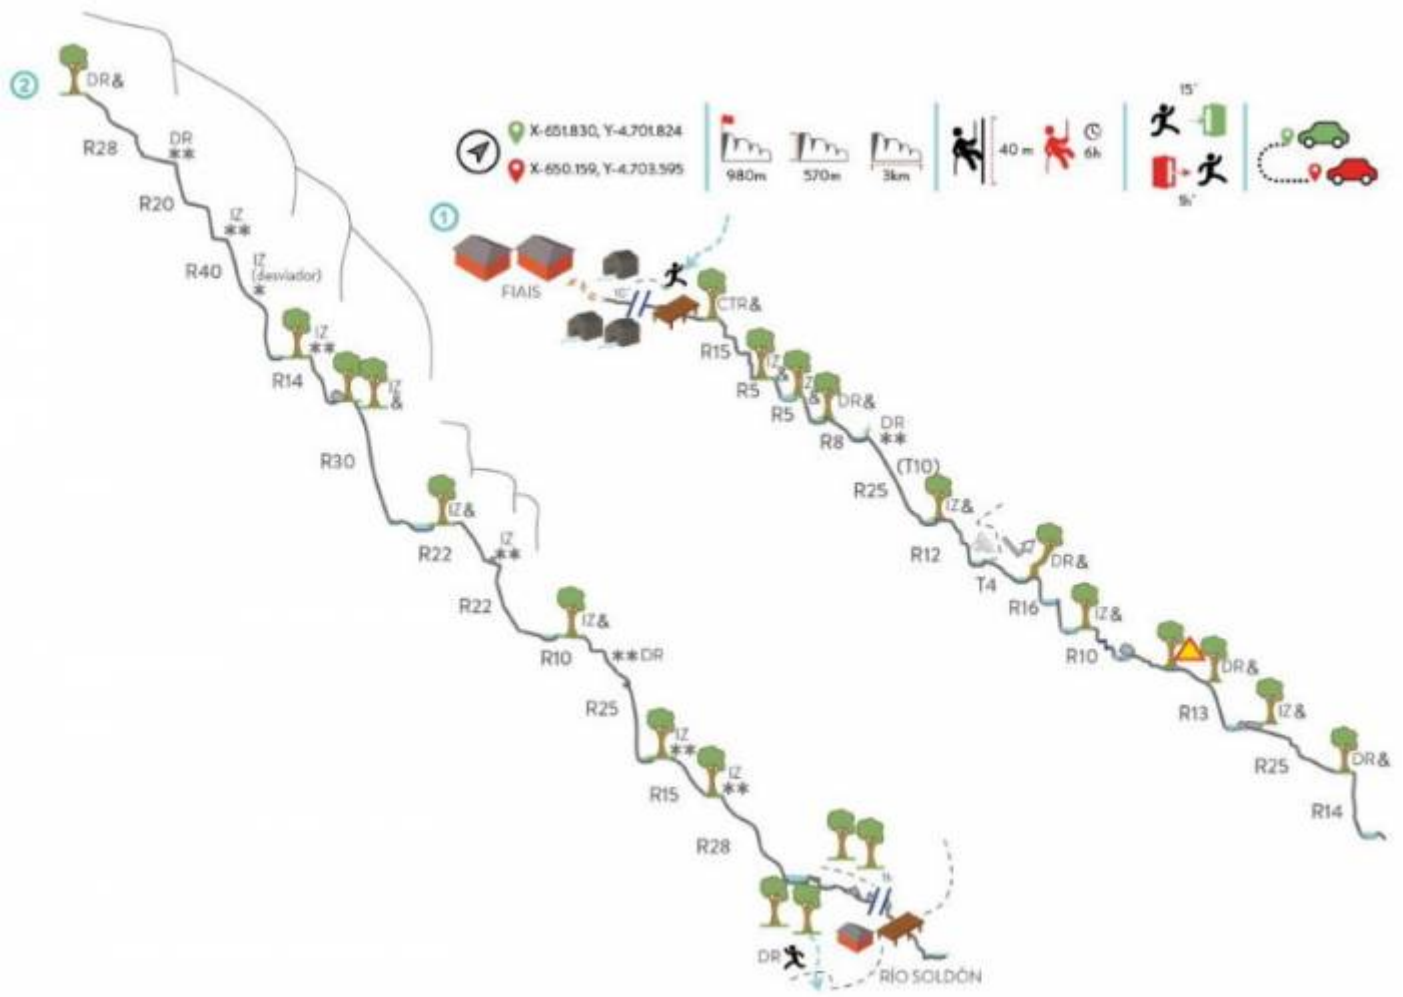

Tour: (machine translated)
Long descent that gains in magnitude and intensity along its route. In its final part we have the highest verticals.

Return: (machine translated)
We will have to walk for a while along the river bed to the Soldón where we find the PR of Ferradal by which we will go up to Paradapiñol or Rugando.
Another option, if we do not have two cars, is to take the path that goes up the slope to the right to Cereixido and when we reach the track we will walk to Fiais.
