Specialities:		
Gear:		
Summary: (machine translated) Touristically developed canyon with many entry and exit points and lots of spectators. Very clear water		
Hydrology:		
Access: (machine translated) Parking at the Kugelmühle parking lot, alternatively like Sulzer Wasserfall. The parking spaces directly at the Kugelmühle are subject to a charge, there is free parking approx. 5 minutes' walk further away		
Approach: (machine translated) Option 1: Walk over the Sulzer waterfall and continue the tour in the Almbachklamm gorge Option 2: For €8/person (per 2025), follow the Almbachklamm hiking trail upstream and enter the Almbachklamm gorge as you wish		
Tour: (machine translated) The canyon leads directly along the Almbachklamm gorge, which has been developed for tourism. Accordingly, there are many spectators and many entry and exit points. As you come back again and again, there is the possibility of endless jump/slide/rappel fun at one of the many beautiful spots.		
Return: (machine translated) Follow the hiking trail of the Almbachklamm gorge to the Kugelmühle and from there to the parking lot

Whether coming from the Sulzer waterfall or from the hiking trail, do not start at the top of the waterfall. Otherwise a relatively long block climb between hikers taking a dip. It is easier to go down from the waterfall on the hiking trail until it crosses the canyon for the first time with a bridge. After the bridge, you can start about 50 m further on when a small stream comes from the right. Here the path is also reinforced with wood and many hikers have already stepped down here. The penultimate rappel (chain anchor on the right, accessible with an access rope) can be jumped or slid from the path. (machine translated)

We were in Sulzer Waterfall and had parked a car at the ball mill. We originally wanted to take the hiking trail along the gorge, but very quickly realized that the canyon is very well set up and the canyon as a whole is worthwhile. Clear water, great pools with beautiful jumps - a superiore combination with the Sulzer waterfall. (machine translated)
