Specialities:

Gear:

Summary: (machine translated)
Simple canyon with a couple of rappels and quick access and return with car combination. Better after rains

Hydrology: (machine translated)
At any time

Access: (machine translated)
We have two possibilities and for both we have to head towards Lescun. By the N134 after passing the Somport pass or from Pau.
1 km south of the Lescun turnoff is the village of Cette-Eygun. We leave the car at the bottom of the road. We will go up the road to Cette and park in the village in the area next to the river.

Approach: (machine translated)
The access with two cars is immediate, from that same bridge.
If we do not have two cars we have to walk up.

Tour: (machine translated)
Nothing remarkable, very short and simple, with a couple of rappels of up to 10m.

Return: (machine translated)
You get almost to the road, a little before we can get out of the riverbed.

Coordinates:
Canyon Start 42.9369 -0.5900
