**Access:** (machine translated)

From Bregenz via Alberschwende, Mellau, Au, Schoppenau to Schröcken. After the first tunnel, take a sharp left. There is space where you can park the car.  
Continue with a second vehicle in the direction of Warth. After you have crossed the Seebach several times, you will come to a hotel with a canyoning provider (Strolz Aktiv; Haus Strolz - Nesslegg 94)) on the left side. Here you can park the upper car after prior request.

**Approach:** (machine translated)

From the parking lot about 50 m upstream along the stream to the bridge. Here is the entry.

**Tour:** (machine translated)

First Bachlatscher, then rappel with increasing height. The core point is the last waterfall of 40 m height, which should possibly be skipped when there is a lot of water, as crossing the rapel is unavoidable. Emergency exit orographic left before the final waterfall.

**Return:** (machine translated)

After the 40 m waterfall downstream , right out to the bridge and then right again to the car.
