Specialities:

Gear:

Summary: (machine translated)
Simple descent, generally dry, which will force us to make a combination of cars because we must follow the Riu Major to Useu. We must make sure that the flow of this is not excessive. Perhaps too much effort for what it provides

Hydrology: (machine translated)
In Riu Major no

Access: (machine translated)
On the N260 going up from La Pobla de Segur towards Sort, just before reaching Gerri de la Sal at pk 295.
Take the detour to the right towards Baen. After passing Bresca we turn right to Useu, shortly before arriving, we will have a track on the right and a sharp left turn, here we park the car back.
We return to the road and turn right to go to Baen and then to Buseu leaving the ruins of Recallers aside, right there is a left curve with parking space on the right.

Approach: (machine translated)
From Recallers we will have our descent to the right, we will go down little by little through meadows towards the riverbed.

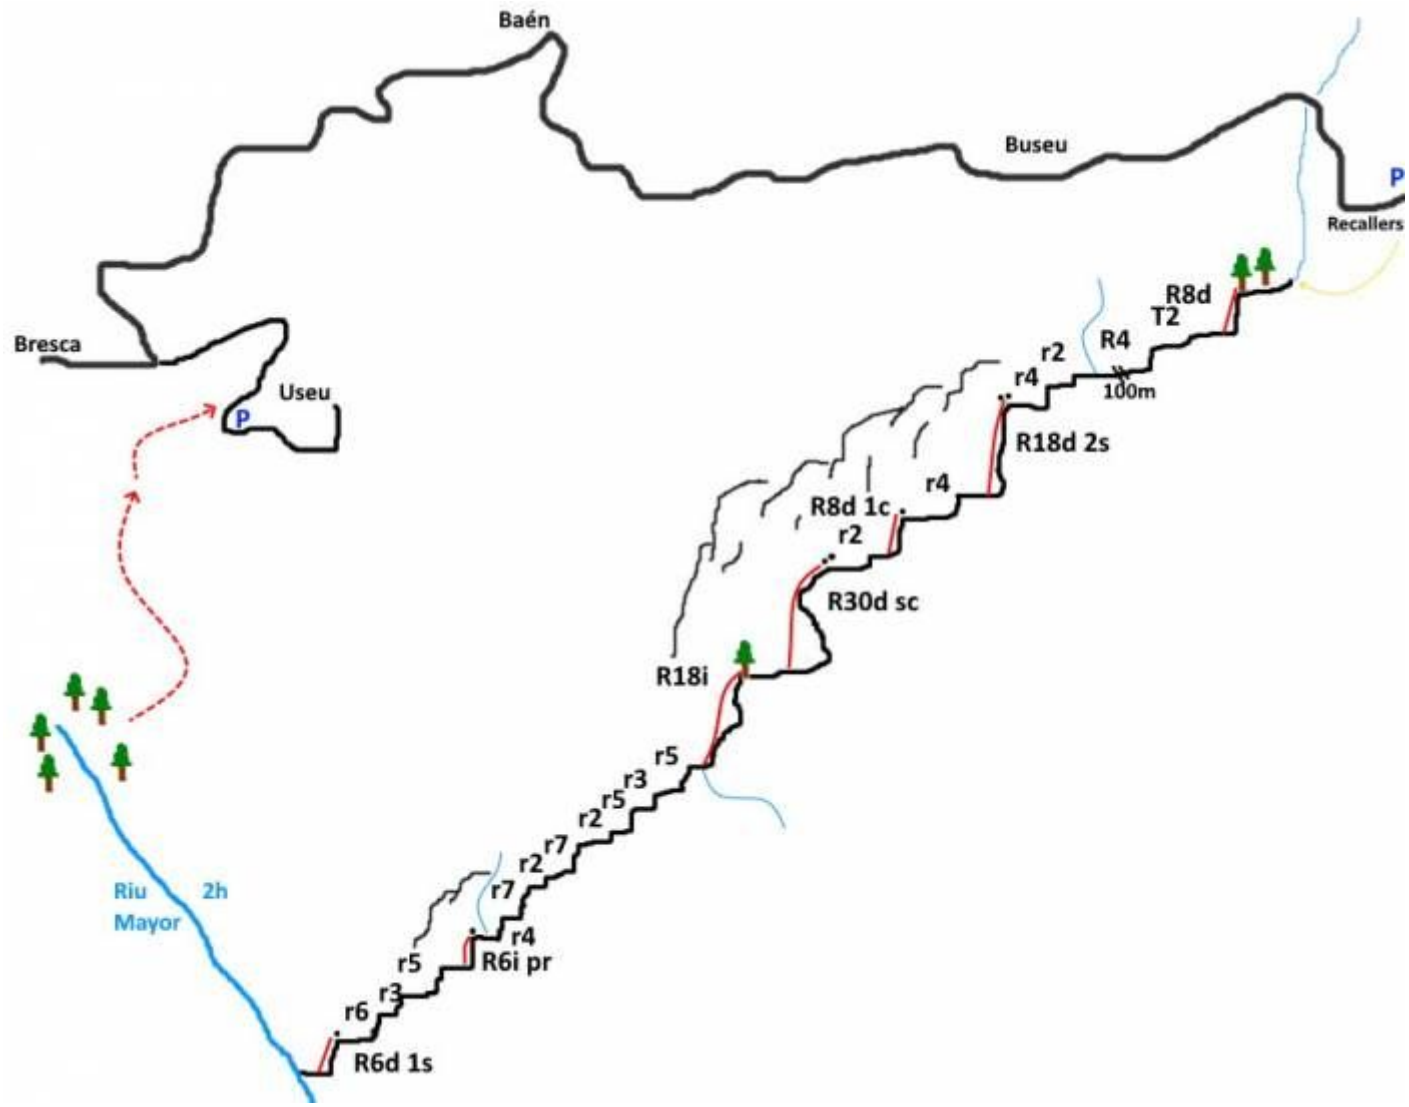

Tour: (machine translated)
A few rappels, some of them very aesthetic, and a multitude of slopes to reach the Riu Major.

Return: (machine translated)
When we reach the Riu Major we will have to follow it for 2 hours, we must be sure of the flow before starting the descent. We will leave the narrowest part of the river and when it opens and the ravine becomes more lush, we will see a path on the right that leads to a track that climbs to Useu.
