Altitude entry: m	**Altitude exit:** m	**Delta Altitude:**
Canyon length: 1000m	**Highest rapell:** 30m	**Amount rapells:** 5
Transport:	**Rock type:**	**Drainage area:** km²
Season: January - December	**Orientation:**	**Best Time:**
Rating: ☆ 0 ()	**Info:** ★ 0 ()	**Belay:** ★ 0 ()

Specialities:

Gear:

Summary: (machine translated)
Simple ravine in the upper zone of the Cortés stream. Beautiful access and perfect to combine it with the same creek.

Hydrology: (machine translated)
Difficult in the circus

Access: (machine translated)
We must be located in Cortes de Pallás, which we will reach by the CV428.
Upper parking (or access Arroyo Cortes). Once in the village, we will cross it almost straight ahead in search of the Cta de la Muela. After a sharp left turn, in the next right turn there is an asphalted track that goes up the Arroyo Cortes stream. Follow it to the end and park.
Parking Corbinet. Upon entering the village we will go towards the gas station and then Corbinet, the track goes up the orographic right of the stream to the parking lot next to the waterfall.

Approach: (machine translated)
From the Corbinet by the orographic right by the path that goes up to the headwaters of the Arroyo Cortés.
In the upper parking lot we will go down to join this path and on the orographic right we will take the path of the Franca pass, a beautiful pass in the wall that will take us almost to the pond above the village. Here after passing the small cirque we flatten without following the path that goes up to the pond, soon we enter the ravine.

Tour: (machine translated)
A series of small rappels and others of up to 30m to descend the headwaters of the Cortez stream. This part of the creek is usually dry because up to the Fte San Vicente it does not usually take except for heavy rains.

Return: (machine translated)
We can easily combine with Arroyo Cortés or return along the access trail.

Coordinates:
Canyon Start 39.2183 -0.9338
