<b>Specialities:</b> Glacier in drainage area,		
<b>Gear:</b> Ropes: 2x30m		
<b>Summary:</b> (machine translated) Narrow slot canyon a few meters below the surface. Autumn canyon, very cold water. Raw data import from Descente Canyons <a href="https://www.descente-canyon.com/canyoning/canyon/22570">https://www.descente-canyon.com/canyoning/canyon/22570</a>		
<b>Hydrology:</b> (machine translated) The catchment area appears small, but consists mainly of the north face of the Eiger and therefore usually has too much water or ice.		
<b>Access:</b> (machine translated) Wengernalpbahn to Alpiglen, note that there is another Alpiglen in Grindelwald on the other side of the Große Scheidegg.		
<b>Approach:</b> (machine translated) <a href="https://swisstopo.app/i/5/VVASGYRR">https://swisstopo.app/i/5/VVASGYRR</a>		
<b>Tour:</b> (machine translated) The canyon quickly becomes very narrow. Mostly just below the surrounding boulder fields and meadows. Two higher steps (30m), one of which is the waterfall you passed on the access. Many narrow climbing sections in the best rock. Be careful with too much water, it is not only cold but also mostly compressed.		
<b>Return:</b> (machine translated) Follow the hiking trail back to Alpiglen and take the train down to Grindelwald

Low water level, fair anchors. Some webbing is a bit old, but doable. Some of the small rappels can be climbed down.

Everything ok. Nice water level. Some older anchors and slings could be replaced in the near future. A few slightly higher places to downclimb. But easily doable. Sometimes so narrow that you have to take your rucksack off. Insane canyon under the north face of the Eiger. (machine translated)

Automatisch importiert von Schlucht.ch für Canyon Sandbach / Eigerwandschlucht, Wasserstand: "tief"

Verankerungen: "gut" Sup Einstieg bei 2120m nicht machbar, da dort zu viel Altschnee liegt. Ca. 50m tiefer gibt es auf beiden Seiten Haken, von dort 40m Abseilen bis zum Schluchtgrund. Sup-teil sehr schön und imposant, teils im Dunkeln unter Altschneefeldern durch. Inf weniger eingeschnitten, aber auch sehr schön. All good, following Sandbach superiore. Less deep than this one, but great views of the Eiger. (machine translated)
