Resumen: (traducción alternativa) Alpine rappel canyon without running routes and downclimbs, but also without an obvious emergency exit.		
Hidrología:		
Acceso: (traducción alternativa) We leave the A3 (Sargans-Zurich) at exit 44 (Nieruernen) in the direction of Glarus. We drive on the B17 via Glarus to Linthal. There we turn left in the 90 degree right-hand bend onto the village road in the direction of "Tierfeld". We now drive 4.1 km in a southerly direction and come to a point where the Auenstrasse bends slightly to the right. Continue straight on here and after a good 100 m you will cross the Furbach stream. After the stream, we can park our car on the left (see approach in photo gallery).\n\nIf we have a second car available, we can use it to drive up to Gasthaus Obbortberg (1060m altitude - see conversion in photo gallery)		
Acceso: (traducción alternativa) From the bottom, we first take the hiking trail up to Obbortberg and continue from there, initially in a southerly direction, until the trail turns into the valley of the Furbach and finally crosses it. This is where we take the path.		
Recorrido: (traducción alternativa) The descent begins with a 60m step, which can be broken about halfway down if necessary. This is followed by 20 more rappels before you reach the canyon exit. Now descend in the stream to the concrete sill. Exit to the right here.		
Regreso: (traducción alternativa) Turn right along the Furbach down to the road bridge and the car.

Beautiful autumn colours and unexpectedly also some sun in the canyon. Cool waterfalls, though many indicators of heavy floods with debris, also avalanches. Currently the water is black/brown/grey and some pools are with mud or rocks. One anchor was added to a rusty ring. Surprisingly the lower two drops (some 20+35) have only one anchor (for next team to double?). Also on the top big abseil, it would be nice to have a line that follows the water more directly from the start.

Very mystical in the fog, especially the 60 steps when you can't see down. (traducción alternativa)
