<b>Resumen:</b> (traducción alternativa) Narrow passages alternate with open craggy gorge. Many, partly circular pools. Since a hiking trail comes close to the stream in some places, several emergency exits are possible. Also geologically interesting. Is also commercially guided. The rappelling points are equipped with chain anchors and numbered consecutively.		
<b>Hidrología:</b>		
<b>Acceso:</b> (traducción alternativa) By car you drive on the Westautobahn until the exit towards Steyr. Once there, follow the Enns upstream to Reichraming. Either park the car here in the village or continue upstream along the Reichramingbach and park in the national park (note that there is a charge). Alternative access: In Unterlaussa turn off the main road in the direction of 'Knappenhau', pass here and drive over the Mooshöhe to the parking lot in the Weisswassertal (last sand road).		
<b>Acceso:</b> (traducción alternativa) From the barrier (approach via Reichraming), preferably by bike, always along the large stream. Past the large hermitage, past the entry to the Triftsteig to the Schleierfall -> bike depot. Ascent on hiking trail no. 485 in the direction of Anlaufalm. You will find the entry point after the 2nd steep ascent at a prominent rock with path markings (descend approx. 5m into the stream). Alternatively, you can also access the trail from the Weisswasser parking lot via the Anlaufalm.		
<b>Recorrido:</b> (traducción alternativa) Sunny waterfall steps in Schofen Gorge with smaller pools in between, separated by a 250m walking passages. Tolerates a lot of water.		
<b>Regreso:</b> (traducción alternativa) End point of the tour at the Veil Falls.
