Resumen:

good alternative when all the neaby canyons have too high water flow

Hidrología:

Acceso:

On the SP1 bis (Lentiai - Quero), in direction Quero right after the gravel quarry take Via Molinello till the bridge on the river where you can park in locality Molinello, on the left side slowly after crossing the bridge.

With the second car, continue past the bridge on the dirt road for about 1 km towards Lentiai, then turn right onto a paved uphill road until you reach the church of Stabie.

Just after the church, turn right and continue for about 700 meters, keeping right at another junction, until you reach a curved bridge just before a farm (sheep breeding), where you can park the second car.

Acceso:

Enter the canyon at the bridge where you park the second car.
