Hiking canyon with a few rapells

**Hidrología:**

**Acceso:** (traducción alternativa)

We drive to Benediktbeuern and from here continue on the B 11 towards Kochel am See. About 250m after leaving the built-up area, we turn left (east) onto Benediktusstraße. After 600m we cross Bonifatiusstraße and after another 2000m we turn right onto Schwimmbadstraße. After another 300m, we turn left before the bridge over the Lainbach and park our car here in the shade of the trees (navigation destination: "Benediktbeuern, Schwimmbadstraße 32" - 650m altitude).

The parking lot of the "Alpenwarmbad Benediktbeuren" on the other side of the bridge is subject to charges.

**Acceso:** (traducción alternativa)

Now we follow the AV hiking trail no. 455 according to the signpost "Tutzinger Hütte, Kohlstattalm" (see <https://www.outdooractive.com/de/bergtour/toelzer-land/benediktbeuern-tutzinger-huette-bendiktbeuern/103048679/#dm=1> - until km 4.8). After 3.7 km we pass the Kohlstattalm (1020m altitude) and 400m further on we turn left (east) from the forest road ("Tutzinger Hütte") and take the path that again brings us a good 700m further to the Schmiedlaine. We follow the signs to the dilapidated Triftklausen and thus arrive at the streambed.

**Recorrido:** (traducción alternativa)

We quickly reach the first and highest rappel (anchor on the right, rappel outside the beam). A few meters after the waterfall, you can climb up to the starting point on a clear track on the left (on older topographic views, a path is marked on the right).

We soon come to the next waterfall. Here there is no anchor directly at the waterfall (2018 - but rappels from trees are possible on both sides). However, a knotted rope with a double belay (!) is anchored on the recessed rock face on the righthand side. This avoids the waterfall.

This is followed by two short underground passages (optional). Now begins the first phase of a streambed hike with obstacles. After about 20 minutes, the next and last rappel follows (anchor on the right on the rock ledge, rappel outside the beam).

This is followed by a good hour of tiring walking and climbing (many tree obstacles) in the streambed until you reach the mouth of the Schmiedlaine into the Lainbach.

**Regreso:** (traducción alternativa)

We follow the path downstream on the left bank of the Lainbach (see again
