| Resumen: (traducción alternativa) Forest canyon, divided into two parts apart, with smaller rappels and fun potential. | | |
| Hidrología: | | |
| Acceso: (traducción alternativa) We leave the A5 (Yverdon - Neuchâtel) via the exit Yverdon-Ouvest ud take the road to Sainte Croix in direction NW. After about 6 km we reach the village of Vuiteboeuf and park our car at the northern exit of the village near the bridge over the Arnon (see approach in photo gallery). | | |
| Acceso: (traducción alternativa) Before the road bridge over the Arnon, we turn left onto the hiking trail towards Sainte Croix. After a good half hour, this crosses the river. After that we look for an entry point into the river. | | |
| Recorrido: (traducción alternativa) The first part offers some smaller rappels. At the end of the short gorge, it is best to take the access path back and then climb right before the beginning of the second and more interesting section of the gorge. Here are some jumps and slides. | | |
| Regreso: (traducción alternativa) Where the canyon ends, right up the trail and out to the car. | | |

Automatisch importiert von Descente-Canyon.com für Canyon Covatanne Parcouru ce jour avec Razrom. Indication pas forcément clair pour trouver le point de départ/1ère partie - 2 ème partie, en tout cas ne comptez pas sur le marquage, il n'y a rien.Côté pratique : place limité à Vuiteboeuf, et marche en chemin de forêt de 30 minutes. On est monté bien trop haut, je vais mettre à jour dans les photos le point de départ de la première partie et deuxième partie. Canyon sympathique, mais odeur de lessive et SALE tout du long...#DruidsRidersCanyon (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/22230/observations.html>)

Automatisch importiert von Descente-Canyon.com für Canyon Covatanne The cave was nice and with water. The canyon was the extra and not very special, also the mix of sometimes obsolete bolts, cables etc do not add to the experience.
