Everything OK. (traducción alternativa)

No ice and very little snow in the canyon. As the stands are drilled close to the water in many places, some nuts were loose. Otherwise good conditions at the moment. (traducción alternativa)

Slippery affair in summer temperatures. All stands available. (traducción alternativa)

At the moment you have to downclimb quite a lot, with more water it could be tedious. Quite slippery to walk. Anchors rather minimal and often set (too) close to the water. Jumping from the bridge into the lake is not possible at the current water level. (traducción alternativa)

We came here after a rainy day and it was nice. All anchors are in good condition.

Single-point equipment except for the C35 and C3, with two points, in very good condition. Good level with the morning rain. (traducción alternativa)

Due to the high water level in other canyons, we opted for the Schrähbach. Beautiful canyon with a superiore view of the Wägitalersee. Some possible slides had to be downclimbed due to tree trunks in the pools. A fixed anchor could also be placed at the C6 point with the natural anchor. (traducción alternativa)
