Unfortunately not so nice for canyoning at the moment, but if you need wood for the next 10 winters, you've come to the right place! Anchorage mostly 1x old and 1x new. Lots of wood in the canyon. Especially before the 50 and in the open part directly after the 50. The last places under the railroad lines better (traducción alternativa)

One key section follows the next - this canyon is highly recommended! The Rybi Canyon is a very beautiful canyon between Lauterbrunnen and Wengen.
