Resumen: (traducción alternativa) Deep canyon with impressive water force, followed by an approx. 2km long river walk. Can be easily combined with the Weittalbach.		
Hidrología:		
Acceso: (traducción alternativa) From Kramsach along the Brandenberger Ache to the parking lot (https://maps.app.goo.gl/WSEoA8iSn9xJMG5R7).		
Acceso: (traducción alternativa) (if the tour is done in combination with the Weittalbach: see Weittalbach access) From the parking lot, follow the left-hand path up towards the Weißachalm (not the one to the right, which leads down to the Brandenberger Ache) - past the Zöttbach and Hochtalalm. After approx. 5km, descend to the right into the Weißache (at the mouth of the Weittalbach). After approx. 150m river walk, the narrow part of the canyon begins.		
Recorrido:		
Regreso: (traducción alternativa) When the Weißache flows into the Brandenberger Ache, follow either the hiking trail (right) or the gravel road (left) to the next bridge (Trauersteg). From here, follow the gravel road on the right-hand side for a few minutes back to the parking lot. If the water level allows, you can also float from the mouth to the bridge in the Brandenberger Ache.
