Resumen: (traducción alternativa) Fun canyon with smaller rappels, also suitable for beginners and children. It is an absolute highlight for children. It is very varied.		
Hidrología:		
Acceso: (traducción alternativa) From Nice on the N 202 along the Var river for 32 km northwards. Then we turn off into the Vallée de Tinée, driving along the M 2205 in the valley towards La Tour sur Tinée. After 3.4 km from N 202, you can see the mouth of the Cramassouri from the opposite side of the river. Park the lower car here. Continue with the second car for 1.2 km on the M 2205, then turn right onto the M 32 towards La Tour. Continue uphill for almost 3 km until you reach a hairpin bend. Park the second car there.		
Acceso: (traducción alternativa) We now follow the newly created path, starting about 200m before (below) the hairpin bend, down to Cramassouri. Alternatively - with only one car - you can also reach the entry from the parking lot at the exit via a beautifully laid out path in about 30 minutes. You cross the Tinée above the Cramassouri tributary. A path begins there and joins the access road a few 100m below the parking entry.		
Recorrido: (traducción alternativa) Many slides in an increasingly narrow canyon. Jumps also possible. Highlight a 10m slide at the exit of the tour.		
Regreso: (traducción alternativa) After reaching the Tinée through the river and beyond up to the car - or back to the parking entry on the path described at the access.

The canyon is closed from 12.9 onwards but we went in anyway. Very very easy but beautiful. We did it in 45minutes. Not worth the drive but worth doing if you are in the area. New path from river up is nicely visible easy to find. No jumps, all slides possible. Last 10m waterfall 50cm deep

The fun factor is no longer there in its current state. Possibly still for absolute beginners and smaller children. Completely closed. Some of the mini slides still worked but no jumps and the slide at the end was also too pebbled. We were through after less than 60 minutes... Conclusion: not worth it in its current state (traducción alternativa)

Automatisch importiert von Descente-Canyon.com für Canyon Cramassouri DC. Equipement correct. Des vasques limpides tout le long qui rappelle l'envie de se baigner ...on aurait pu éviter la combi vu le ressenti. Pour ceux qui la joue sans navette et gare à l' amont, ne pas traverser la Vésubie et remonter sa rive gauche pour trouver un chemin vers le parking (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/2151/observations.html>)
