Résumé: Open canyon that catches water surprisingly well but without real sportive of technical interest. To be combined with viewpoint Salto del Cabrero (after the canyon) of nearby Sima Villaluenga or Sima Republicano (caves).		
Hydrologie: Catches water surprisingly fast, but dries out too.		
Accès: Park nearby the skatepark in the village.		
Approche: Hike up a few streets. On the left side, behind the restaurant in the village, at the small park leaves a trail quite in traverse that takes us to the Pajaruco.		
Tour: First part (2 abseils and open riverbed) is optional, but given the minimal length of the canyon it is recommended to complete the descent.		
Retour: At the end there is barbed wire over the stream, on the left side of it, one can go below. Exit by a nice pool & bridge (left goes to P, right goes to viewpoint).

2025-02-11 Jeroen Kirchner ★★ 📖★★ 🪚★★ 🌊 Normale 🍌 Terminé Water flow was still consistent after rainfall some days ago. Well protected from wind. Easy, open canyon, lots of escape possibilities, optional abseils, or options from trees to avoid certain pools. Slippery at times. Combined with Sima de Villaluenga and Cheesefactory Payoyo in the day.
