Résumé: (traduction alternative) Open canyon without jumps or slides. The highlight is the almost 50m high waterfall.		
Hydrologie:		
Accès: (traduction alternative) Into the Stubaital as far as Milders. There drive into the Oberbergstal valley in the direction of Seduck. After the Gasthof Bärenbad, cross the bridge and park approx. 400m later on the right-hand side of the bridge.		
Approche: (traduction alternative) From the small bridge along the asphalt road to the farmhouse "Salcher" and from there to the right across meadows and a small bridge (leads over the Seebach - check the water level!) to the farmhouse "Teiser". Continue below this along a meadow path into the next ditch. (ATTENTION: the landowners ask that gates/doors be left as they are found AND that the tour is not undertaken during the hunting season in the fall! Thank you!) After the small gate, walk up the ditch and then follow a faintly visible hunters path steeply uphill in the forest. Always keep to the ridge until you reach a ridge head. From here, turn left on a path to the streambed.		
Tour:		
Retour: (traduction alternative) After the last rappel, follow the course of the stream. At approx. 1400m you will see a path on the right-hand side, follow this steeply down to the "Salcher" farmhouse.

Anchors all in good condition. Rappels in the watercourse at the high rappel. Some rainbows to admire :) (traduction alternative)
