At the exit of the long tunnel, hairpin bends in the direction of Omegna. As you enter the town, turn right towards Agrano. If the tunnel is closed, drive through the town of Omegna until you reach the junction for Agrano. In Agrano, park near the public park or, if possible, just before the bridge over the Pescone (limited parking). Access downstream: hairpin bends back to Agrano and turn right into Via Mottarone (very narrow road). Follow this road as it leaves the village and begins to climb. Park near the Agriturismo "1 Glicine - Alpe Selviana" or just behind it. Access upstream: At the Caslti bridge, continue to Cicogna and park in the village.		
Approche: (traduction alternative) Enter the agriturismo and cross it (ask kindly for permission as you pass). Continue across the meadows on a flat path until you find a path that leads down to the stream.

For me better than qualba although qualba landscape maybe more beautiful, but here there are more obstacles.
Not much water but enough not to be stagnant. (traduction alternative)
