Matériel: Cordes: 2x30m		
Résumé: (traduction alternative) Forest canyon with a few rappels and lots of climbing. Not without scenic charm.		
Hydrologie: (traduction alternative) https://vowis.vorarlberg.at/stationsInfo/tbl_Abflusstationen.aspx		
Accès: (traduction alternative) from Dornbirn to the parking lot exit and access, if no second vehicle available: https://www.google.de/maps/place/6850+Dornbirn,+%C3%96sterreich/@47.4261182,9.7771058,13.44z/data=!4m1!1m1!1s Possible implementation, provided access to the hamlet of Schnellvorsäß is not closed to motorized traffic (not verified): https://www.google.de/maps/dir/47.3784685,9.850759/47.3888569,9.8536704/@47.377134,9.8540526,3354m/data=!3m1!1s		
Approche: (traduction alternative) Either from the parking exit on foot to the entry according to https://de.wikiloc.com/routen-wandern/rotenbach-140992616 or from the Brünneliseggälpe (Weiler Schnellvorsäß) first follow the dirt road for 50m, then turn left towards the west onto a path that leads in the direction of Vorsäß Klausberg in a wide right turn to the stream (entry)		
Tour: (traduction alternative) See photos and video of the ascent on 15.07.2023. After the 6th or 7th rappel (the rappels are numbered consecutively), a lateral rockfall fell into the canyon. This destroyed 2 of the old anchors. We helped ourselves with rappels from dead wood. The situation here is still somewhat unstable.		
Retour: (traduction alternative) As soon as possible after the last rappel turn right and follow a clear track through the sparse forest down the right bank of the stream, later left along the edge of a meadow down to the road and your car.		
Coordonnées: Parking à l'entrée et à la sortie 47.3889 9.8538 Départ du Canyon 47.3832 9.8430 Parking à l'entrée 47.3785 9.8508		
Rapports: 2023-07-15 Wolfgang Streicher ★★☆☆ 📖★★★ 📍★ 🌊 Normale 🍌 Terminé Widely unknown gorge. The stands are mostly equipped with only 1 attachment. The numbering suggests an intermittent commercial access. After the 6th or 7th rappel (the rappels are numbered), a lateral rockfall has fallen into the gorge. This destroyed 1-2 of the old rappel points. We helped ourselves with rappels from deadwood. The situation here still seems a bit unstable. (traduction alternative)
