<b>Sintesi:</b> (traduzione alternativa) Lower part of the Ribeira da Hortelã.		
<b>Idrologia:</b>		
<b>Accesso:</b> (traduzione alternativa) Drive all the way back from Seixal along the south-facing valley. There is a free parking lot at the fish farm. Here you will also find a large information board for the canyoning tours there.		
<b>Avvicinamento:</b> (traduzione alternativa) From the parking lot, take the path further south. After crossing the river, follow a narrow path steeply uphill through the forest until you reach the Levada do Seixal. Turn right and follow it to the Ribeira do Hortelã (just before a tunnel behind the large waterfall). This is the entry point (above the levada is the anchor for the rope traverse, directly below the edge is the anchor for the long rappel).

<b>Ritorno:</b> (traduzione alternativa) After the tributary of the Rib. do Seixal 1 small rappel, then out onto the path and back to the car.

High waterfall at the start is particularly impressive when there is a lot of water. Otherwise unfortunately quite a bit of streambed walking (very slippery). (traduzione alternativa)
