Sintesi: (traduzione alternativa) Beautiful and mostly very aquatic lime canyon; cold water; very susceptible to flooding; short abseils (jumps); Inox single hooks (2021); well combinable with Zinkenbach; The combination with the Gerbachcanyoningtour (2x40m ropes/4-5h!!!) which flows into the Ackersbach at the bridge I would recommend only extremely sporty canyoneers; exposure south; most beautiful light incidence from midday; no or poor cell phone reception; in spring a lot of melt water; large catchment area.		
Idrologia:		
Accesso: (traduzione alternativa) From Salzburg Süd via the A10 to the Golling exit. Then continue on the B102 (Lammertalstraße) towards Abtenau. At "Voglauerhof", turn left over the Lammer bridge and then immediately left again. Follow the mountain road to the large parking lot at Pichl (47°36'03.00 N, 13°17'55.00 E) where you can park your car.		
Avvicinamento: (traduzione alternativa) (Bike) Then ride your bike (next to the Ackersbach) on the wide forest road for approx. 30 minutes (5.9 km) in the direction of Postalm to the bridge that leads over the Ackersbachklamm gorge (758 m, WGS84, 47°32`52 "N, 13°20`32 "E). The entry is just after the bridge on the left over the Gerbach tributary which flows into the Ackersbach here.		
Giro: (traduzione alternativa) The Ackersbachklamm is a beautiful, short and mostly very aquatic lime canyon with very clean water. At high water levels, the canyon should not be underestimated as almost all rappels are in the watercourse. Some deep pools can also be jumped after inspection. As with the nearby Zinkenbach and Gerbach, the emergency drill set should not be missing in this remote and rarely visited canyon. On very sunny days, you can also enjoy a wonderful swim/barbecue at the exit.)		
Ritorno: (traduzione alternativa) (15min on foot + 15min by bike) After the last two pools, the trail either goes orographic right, short, steep and pathless through the dense young forest (near the stream) up to the forest road/bicycle or you follow the stream to a flat forest road (orographic right) which leads to the access forest road after a few minutes. Then right again up to the bike.

After the Gerbach we quickly huffed through the Ackersbach,... As always a little more water, but easily doable. All stands OK. Arrival and departure by bike ;-)

All steps set up 📦 Short access from below via the orographic right side of the gorge directly at the large pool after the last abseiling point. Here at Moosigen kl.Bacherl steep right up and keep right to the forest road. (dense vegetation)

Can be easily combined with the Gerbach. The stream is well equipped, one 6m and one 2m jump and 6 rappels. (traduzione alternativa)

Today made the combination Gerbach Ackersbach. The Ackersbach is always a nice connection to the Gerbach. Always well filled with water and a few jumps are possible. (traduzione alternativa)
